Eurogas Methane Conference 2026

Matthias Schmittmann
Co-Founder & CEO

A white line graphic consisting of a vertical line starting from a small circle, extending downwards, and then turning 90 degrees to the left to become a horizontal line.

Regular LDAR-measurements in stations & pipeline networks represent only a fraction of the actual effort.

Company overview

Making implementation & compliance as easy as possible for operators

Information about atmio

Headquarter / locations	Hamburg / Munich, Barcelona
Team	Experienced software and hardware engineers as well as experts from relevant industries

Cooperations
