As a general rule, Eurogas members report their consolidated group turnover, as in most cases gas is their core activity or one of their main business lines. Where gas represents only a limited share of the overall group turnover and the gas-relevant activity is carried out by a specific subsidiary or dedicated line of business, the legal Eurogas member may instead be that subsidiary, in which case the relevant turnover is that of the subsidiary or the dedicated line of business.

By signing this Membership Application Form, you confirm that your organization complies with the Eurogas Declaration of Compliance.

Your Membership will only be activated upon payment of the Annual Fee following the invoice sent by EUROGAS and receipt by EUROGAS of the duly signed Eurogas Declaration of Compliance.

Your Membership is automatically and tacitly renewed yearly (and an invoice will be issued by EUROGAS for payment of the Annual Fee) in January of the calendar year, unless it is cancelled in writing by registered letter at least six months prior to the end of the previous calendar year. A member who wishes to terminate its membership in year X therefore needs to give a notice by registered letter to the association at the latest on June 30 of year X-1. If such notice was sent in due time the membership will terminate as of the first of January of the year, following the year in which the notice was given (the latter date being the Effective Termination Date). Until the Effective Termination Date membership, and the rights and obligations associated with it shall not be affected, including the obligation to pay the subscription for the current year. Notice of termination must be given by registered letter with acknowledgement of receipt in order to be valid and shall be deemed given three business days following the date of the registered letter.

EUROGAS reserves the right to verify whether the information provided in this form accurately reflects your organization's eligibility and may adjust and invoice the applicable annual membership fee accordingly.

Failure to pay the invoiced annual fee by the due date will result in the suspension of membership rights until full payment is received. This suspension does not affect your organization's obligation to pay the membership fee, which remains fully due.

I _____ agree with the Eurogas privacy policy (GDPR) as detailed on the Eurogas website (www.eurogas.org).
